ABOUT THE COMPANY

IMOTLTD (IMOT Limited) is a corporate organization that operates as a parent company to unique establishments in key sectors of the African economy. These establishments are structured to bring about economy advancement, business opportunities, community and society growth, and most importantly to promote the African dream and inspire Africans to reach their maximum potentials. IMOTLTD also goes further to offer services in Business Development and Management, Legal Consultations, Digital Marketing and Software Engineering, Capacity Building and Training, Construction Management, and Automobile Maintenance.

The drive and passion of the company to attain reputable growth and continental recognition is deeply rooted in the vision of the company's Directors; Agbogo Kalu and Timothy Obisakin. The Directors vast travel background and years of working experience spurred the ideas and vision that formed the foundation of IMOTLTD. These ideas and vision of the company are tailored to shape the future of the African economy and contribute to its growth and development.

IMOTLTD presently is investing in the interactive entertainment sector, and the hospitality and tourism industry. This investment tends to be the very first of its kind in Nigeria and Africa. The company also plays a key role in charitable works and humanitarian services; this particular initiative is very dear to the Directors.

IMOTLTD consists of young and skilled professional individuals who are driven by a common shared-vision which is to become the beacon that would encourage Africans in the Diaspora to come back home and invest.

ISIE

IMOTITD STAFF INTERNATIONAL EXPLORATION

ISIE (IMOTLTD Staff International Exploration) is a system created to give traveling opportunities and international experience to members and staffs of IMOTLTD. The Directors of IMOTLTD have an impressive travel background and have visited several countries across different continents. They wish to give staffs of the company this same opportunity to explore and get inspired. We are driven by the philosophy of changing the African Narrative and inspiring the African dream, and one of the ways we've thought of achieving this objective is to give these opportunities.

For any staff to be given this opportunity, he/she must excel at the top of a grading system for a period of time. The top-performing staff will be given the Best Staff of the Year Award and he/she automatically qualifies to become the recipient for ISIE of the qualifying year. The winner will be allowed to choose two countries of his or her choice. One in Africa and one outside of Africa.

The concept behind this initiative as triggered our staffs to always put in their best. They tend to go far and beyond to get their deserving points while also putting a lot of teamwork to enable the company to achieve its milestones.

On The First Edition Of The Initiative, Mr. Emmanuel Egue, the General Manager of IMOTLTD won the prize Award.

In his own words after the ceremony; "I'm short of words.
This is truly awesome. When my name was called as the 2018 ISIE winner, a shiver went through my body. I'm still surprised. But I guess, the overtime, hardwork and consistency paid off. I'm really glad."

Mr. Emmanuel Egue (Winner of ISIE 2018) chose Ghana as his first choice of country to visit. And of course, he had a lot to tell, and visited a lot of places.

ISIE 2019

The year 2019 has a winner already. The Award ceremony held on the 5th of January 2019 saw Mr. Vincent Ndam (Network Administrator) win the Award of the best Staff which automatically qualifies him to be the 2019 ISIE recipient. The qualification period which spanned from June 2018 to December 2018 was quite competitive but Mr. Vincent triumphed.

Mr. Vincnet Ndam speaking after receiving the award;

"I cant believe I was selected! 2 countries? Wow! Hard work really pays off! Hmmm I don't know the countries yet but after seeing the ISIE 2018 recipient's video in Ghana, I will be selecting a country rich in culture and one I have always wanted to visit. So I'm picking **Morocco!!!**"

DO GOOD DAY

Do Good Day or as we call it, **DGD** is a Corporate Social Responsibility initiative by IMOTLTD. What DGD does is to participate and promote charitable works, women empowerment, education, free skillset training, and a host of other non-profit projects. Do Good Day was specially initiated by the Directors through the CSR department of the company to fulfil a mandate which is recorded in the bible passage which says;

And do not forget to do good and to share with others, for with such sacrifices God is pleased.

Heb 13:16

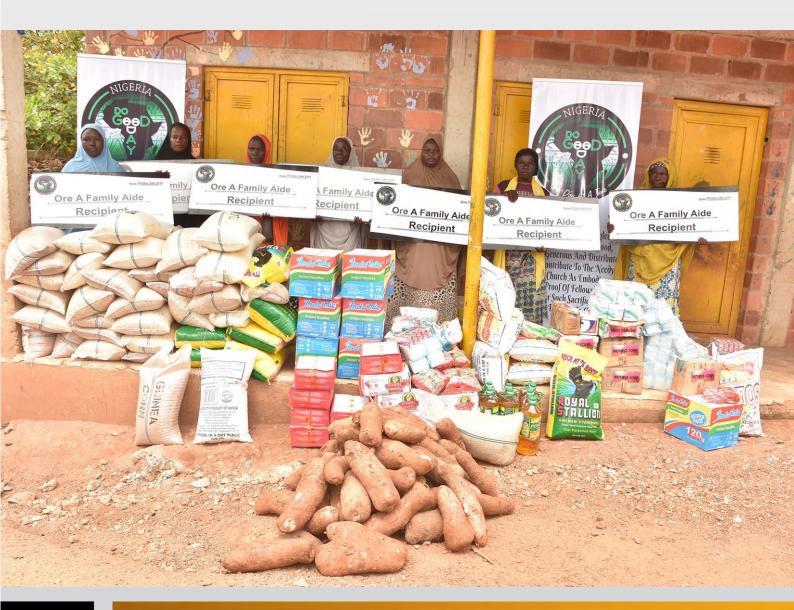

With this mandate, the company has made it an obligation to always give food items, cash or items of need to those who necessitate it the most. The company also goes further to empower the vulnerable ones in our communities and the society at large.

In 2018, the company recorded a closing figure of **N7,060,780.01** spent on Do Good Day projects. The reason why we go far and beyond to spend so much even as a young company is to encourage the show of love, let these people know someone cares which can give them a second chance at life.

We do this to also trigger a global awareness for those who have the capacity to do more. Recently, Nigeria was named capital poverty of the world, this is so sad when we live in a country that have so many resources to be amongst the most thriving economies in the world. With this act of ours, we hope to impact the current state of the country and also encourage love and humble sacrifices.
